

# Particle filter V50/V80/VL

## Spec sheet

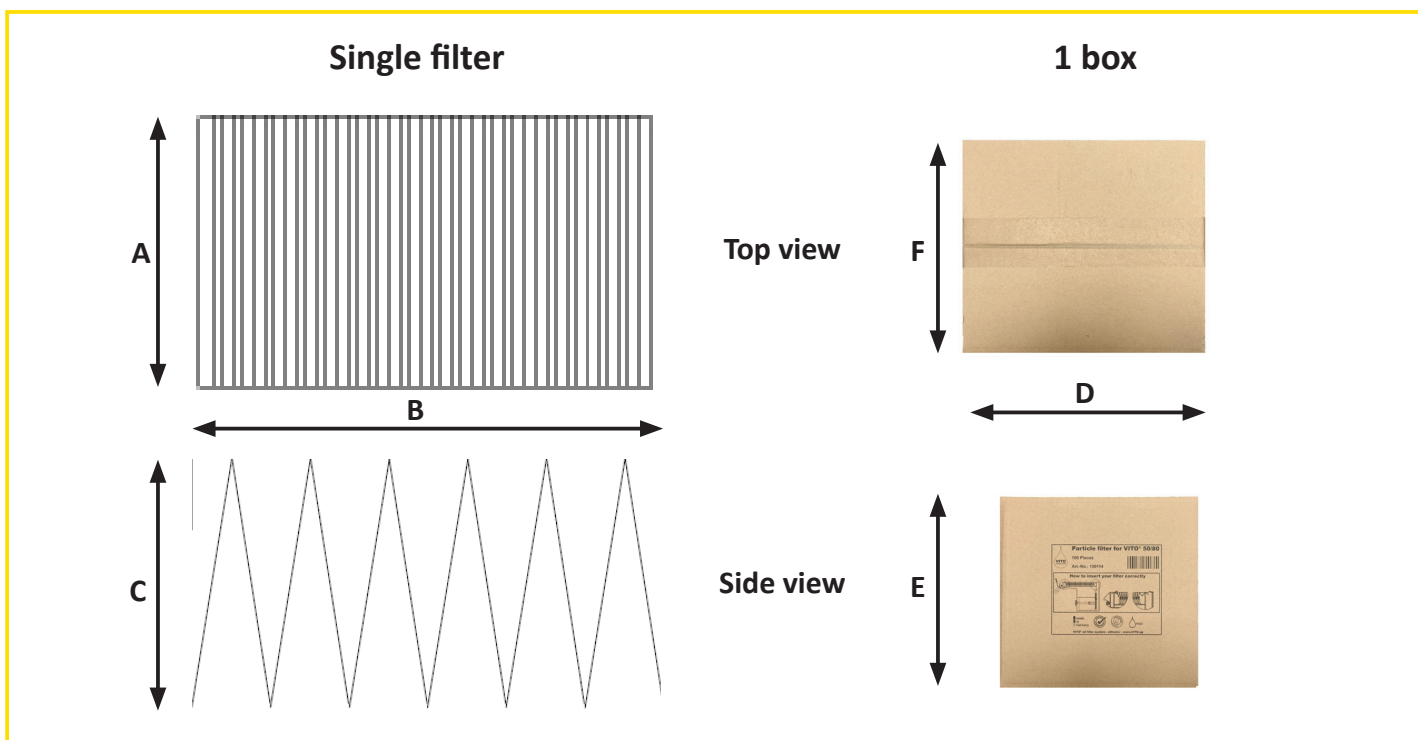

### Additional information:

- Filter can be used multiple times before changing
- Box contains separate sealed packages with 10 pieces each
- Store in the sealed ziplock bag
- Storage temperature: +20°C to 30°C / 68°F to 86°F
- Humidity for storage: 60-65%
- Protect against direct sunlight and frost
- Heat resistance up to 200°C / 392°F
- Filter is biodegradable

ziplock bag

### Particle filter V50/V80/VL technical data:

|                           | Width A            | Depth B          | Height C         | Surface  | Folds              | Material                | Grammage            |
